

Methodist Hospital MRI Addition

LOCATION	Minneapolis, MN
MARKET SECTOR	Healthcare
SQUARE FEET	700 sq. ft. + 15,000 sq. ft. courtyard improvements
PROJECT TYPE	Hospital
ARCHITECT	BWBR Architects

Park Nicollet Health Services hired RJM Construction to build a 700-sq. ft. addition to Methodist Hospital.

The two-story buildout allows the hospital room for growth and provides an additional MRI imaging department.

The project scope included a renovation of the existing MRI suite with updates to the patient waiting area, IV consult rooms, staff areas and outdoor courtyard.

The project has been highly visual. Patients, hospital staff, and community members enjoyed watching the project unfold, with most of the work taking place inside the hospital's main courtyard. The project team removed the old MRI equipment - each
