

## Ovative Group

LOCATION	Minneapolis, MN
MARKET SECTOR	Corporate
SQUARE FEET	36,750
PROJECT TYPE	Office
ARCHITECT	Snow Kreilich Architects

Ovative Group, a digital marketing and analytics firm, hired RJM Construction to build their office space at The Nordic.

Located on the ninth and tenth floors, the office features exposed ceilings with acoustic wood panels, stained concrete floors and contemporary finishes. The project also includes an internal staircase connecting the two office floors, plus a flight to the rooftop penthouse and deck. A feather bowling court adds to employee fun.

RJM completed the interior buildout while the base building was being completed. Project sequencing was adjusted to accommodate the building envelope construction.
