

TRIA Orthopedic St. Paul

LOCATION	St. Paul, MN
MARKET SECTOR	Healthcare
SQUARE FEET	6075
PROJECT TYPE	Clinic
ARCHITECT	RSP Architects

RJM Construction was hired by TRIA to build their orthopedic clinic within Treasure Island Center in downtown St. Paul.

The clinic offers sports medicine, sports surgery consultation and rehabilitation services. In addition to exam and treatment spaces, the suite includes x-ray equipment. The custom storefront features a digital display of sports images through glass. The RJM team worked in tandem with the architect, camera vendor and installers to creatively construct and showcase the highly visible video display.
