

## Whole Foods

LOCATION	Edina, MN
MARKET SECTOR	Commercial
SQUARE FEET	32,253 sq ft
PROJECT TYPE	Retail
ARCHITECT	Architectural Consortium LLC, Stewart-Norsky Architects

As general contractor, RJM constructed the core and shell of the Whole Foods Edina location.

The new building supports the repositioning and revitalization of a 20-year-old retail center. Features include a thin brick precast wall facade complimenting the existing Centennial Lakes Plaza complex, as well as Kasota Stone identical to that used on Edina's City Hall.
