

Akin Hills Pet Hospital

Akin Hills Pet Hospital has been proudly serving the south metro for over 35 years. They quickly outgrew their current clinic due to their compassionate service and dedication to the animals.

RJM Construction worked alongside Akin Hills Pet Hospital to expand their space and renovate the existing facility to better fit the ever-growing needs of our four-legged friends. This required RJM to do a full demolition of the interiors with new wood framing and finishes. In addition to the demolition, new exam rooms were added along with more interior space.

Akin Hills Pet Hospital is ready to continue to provide state-of-the-art medical care to our furry friends.
